

A large tortoise, likely a Galapagos tortoise, is shown resting on the ground. Its shell is a striking combination of black and yellow, with distinct patterns on the scutes. The tortoise is facing right, and its head and front legs are visible. The ground is dry and sandy, with some sparse green vegetation in the background.

Animal	Tartaruga (Macho)	Tamanho	20cm
Peso	0. 6kg		
Cor	Amarelo / Preto / Castanho
