

A close-up photograph of a turtle, likely a Galapagos tortoise, resting on a light-colored, textured surface. The turtle's head is in the lower-left foreground, showing a patterned scute. Its front legs are visible, with a scute on the upper leg. The shell is the central focus, displaying a complex pattern of yellow and dark brown/black markings. The background is filled with green foliage, and a wooden fence is visible on the left.
